HEAD OF STATE MINING DEPT VISITS DISTRICT

Walter A. Bradley Spends Several Days in Nevada City District

State Mineralogist, Walter A. Bradley, has been spending the past three days visiting the mines in this district, to acquaint himself first hand with the conditions here.

He has visited North Star, Empire, Empress, Idaho Maryland and the Silver Pick group on Deer Creek.

He states that while there is a great activity in mining in all parts of the state, there is more in this section than in any other given area.

He found the old mines all on production records and the San Francisco and Los Angeles offices have been flooded with inquiries and information. So large was the number of inquiries that a special bulletin was published. The supply of the Placer Bulletin was exhausted in three weeks and the second printing is also almost gone.

Mr. Bradley made an extensive trip throughout the Mother Lode district last summer, visiting the placer miners along the creek and found the conditions for most parts pitiable.

He warned the mountain towns that they would have a problem on their hands when the winter rains and snow drove these people in from the creek and rivers.

The mining industry of California is fortunate to have at its head a man of Mr. Bradleys ability, with 21 years expeience in the department of mines and who gives to the prospector and small operator the same courtesy and service that he gives to the large properties.

GUILD ENTERTAINED BY JOINT HOSTESSES

Mrs. Robert Nye and Mrs. Chas. E. Parsons were joint hostesses Thursday afternoon at a delightful card party for the benefit of St. Agnes Guild. The party was held at the home of Mrs. Nye on Broad street and a very pleasant afternoon was enjoyed.

Contract, Auction Bridge, and Mah Jongg, were played, prizes being awarded as follows: Miss Winnie Mulloy, first, prize; Miss Goyne, consolation; Mrs. Bernheim, high auction prize; Mrs. George Calanan, auction consolation prize. Mrs. P. G. Scadden and Mrs. W. G. Richards received the Mah Jongg prizes, Mrs. Arthur Hoge Sr., winning the free for all prize.

After cards a dainty luncheon was served and the ladies all voted the affair a big success.

HAPPY CAMP MINE NEAR DOWNIEVILLE IS LEASED

E. J. Hazard of Los Angeles, has leased the Happy Camp Gravel mine near Downieville, from Joseph Nipp of that city. Two men have been put to work cutting timber and preparing for the winter's work. Underground work will start at an early date. The Happy Camp mine includes 110 acres and adjoins the Kirkpatrick mine on the west.

Water cutting through a ravine had opened up a gravel channel rich in gold many years ago. The mine has been worked to some extent near the ravine where the gravel was easily accessable. Now it is necessary to tunnel in to where the virgin gravel is.

A tunnel has been run in over 100 feet. Hazard plans to continue the tunneling for another 200 feet, where he expects to strike the rich paying gravel.

YELLOW JACKET MINE AT ALLEGHANY BUSY

William Lichtenburg, superintendent of the Yellow Jacket mine at Alleghany, was in Nevada City Friday, accompanied by his brother, R. G. Lichtenburg.

Mr. Lichtenburg reports that the Osceola mine, which adjoins the Yellow Jacket and is owned by the same company, is adding new equipment and increasing their activities. The Yellow Jacket is employing six men. The properties are owned by the Yellow Jacket Consolidated Gold Mining Company.

THE HUSSEY MINE STARTS ACTIVE WORK

Tom Coan, who recently took out some good ore at the Hussey mine in Willow Valley, informs the Nugget that active wrok has begun at the mine.

Through the efforts of Ellsworth Wood of Sacramento, Detroit capital has been secured to develop the mine and it is planned to start work immediately on installing electric power. In a short time machinery will be installed and a crew of men will be working at the property.

Early in August Mr. Coan found some good ore on the Hussey property and samples of the ore have been displayed in the window of the Nugget office. Mr. Coan has been working for several months in Willow Valley and has done a great deal of preliminary work himself.

Some of the ore uncovered by Mr. Coan ran $50 a ton and the property undoubtedly has a good future. Mr. Coan is to be congratulated and the Nugget wished him all the luck in the world.

CHRISTMAS MAILING NOW IN FULL SWING

The Christmas mailing of packages has begun and the post office force will be fully occupied until the first of the year. Nevada City people should try and do their mailing as early as possible in order to avoid congestion in the postoffice the last few days before Christmas.

All parcels should be securely wrapped or packed. Use strong paper and heavy twine. Special attention should be given to packing certain articles, such as umbrellas, golf sticks, etc.

Fragile articles must be securely wrapped and crated and boxed. Parcels containing perishable matter must be marked "perishable" and packed in suitable container. Addresses should be complete, with house number and name of street, post office box or rural route. A return card should be placed in the upper left hand corner of each package.

No parcel may be more than 100 inches in length and girth combined nor exceed 70 pounds in weight. Valuable packages should be insured or registered.

SPANISH AM. WAR VETS INITIATE AT ROSEVILLE

Spanish American War Veterans from Oakland, Sacramento, Gridley, Roseville, Grass Valley and Nevada City, attended the initiation of members into the order of Snakes at Roseville last Saturday night. J. H. Richards, and Jack Hanson Whiting of Grass Valley and Al Kelliher of Nevada City were among those present from this district. The event was held at the new Veterans' Memorial Building.

The Grand Gu Gu Grandisimo McFarland, Commander Hanson, Grand Thrice Inferior Gu Gu Wessel, Gu Gu Grandisimos Hickman, Gilliam, and Swartz, Slick and Slimy Keepers of the Ophidian Hanson, Whiting and Larming, Twice Inferior Gu Gu McCall, Past Gu Gu Grandisimo and Supreme Slave of the Ophidian Wilson, Captains Van Note and Lowery, Comrade McKelvy, Past Commander Warren, Adjutant Trumby, Comrade Pinell, and Lord High Keeper of the Amphoriam Bass were among those on hand.

After the meeting and initiation ceremonies, all repaired to the dining hall and enjoyed a Mallard Duck stew.

It was planned at the meeting to establish a Veterans' camp in the Nevada City district. A number of the Vets expressed the desire to build a summer home somewheres in the Sierras. A Nevada City site was looked on with much favor. We have here hunting, gishing, winter sports, swimming, boating, hiking and in fact almost every out of doors sport. There is no doubt but that we are ideally situated in that regard.

Merchants of Nevada City should encourage such a proposition. It means more people and more people means more business.

Fort Bragg—T. R. O'Rayley has opened a radio repair shop at 120 Laurel Street.

Radiogram Says Repeal Loses by Three Votes

A radiogram picked up this morning from Washington, D. C. stated that the votes on repealing the Eighteenth Amendment resulted in a victory for the drys by 3 votes. The vote as received over the raido was: For repeal, 272; against repeal, 144. The wets lacked three votes of having a two-thirds majority.

GRAVEL MINE NEAR IOWA HILL SOLD LAST WEEK

The Pine Avenue mine, once known as the Old King's Hill property, was sold to a group of five mining men last week. Work has started now on the property and the new owners expect good returns in due time. The new owners are C. M. Ziehn, E. H. Ferrell, H. B. Starr, W. A. Gilardin and G. W. Smith.

Starr and Smith are present holders of a lease on the Annie Laurie mine between Colfax and Forest Hill. The Annie Laurie mine consists of a whole hill of low paying mineralized rock requiring the milling of many tons each day.

The Pine Avenue mine is located four miles from Iowa Hill and six miles from the Yankee Jim district. It was originally owned by Tim Powers, now dead some ten years. Powers drifted on the bed rock in his day and found the gravel there to run between $2 and $4 per cubic yard.

The original King's Hill channel proper, which runs near the Pine Avenue mine, never paid to work. The Pine Avenue mine is apparently one of the primary over flows connected with the Big Dipper channel, which produced many millions of dollars in gold. The Big Dipper channel is connected with the Yankee Jim deposits.

The Iowa Hill district has been very rich from a gravel mining standpoint. Within a radius of two miles of Iowa Hill over sixty millions have been taken from gravel mines. Much of this production record was taken from drift mines, although hydraulic mining also contributed heavily.

There is also plenty of quartz mining possibilities in the Iowa Hill district, some of which assay and mill tests prove to be in well paying quantities. As yet however, quartz mining has not been developed in that district because of the rich gravel deposits that have stolen the show.

Nevada City is the best trading center for that district. It is but 12 miles southeast from here, but a direct road has never been put through. The road via Colfax is the easiest route at this time.

CAMPTONVILLE SCHOOL GIVES PRIZE TO STUDENTS

CAMPTONVILLE, Nov 30.—As a stimulation to better work in the local branch of the Marysville Union high school, the teacher, Mrs. Kate Hope Livingston, a few years ago established a plan of awarding prizes to those who presented the best work in various studies.

The regular English prizes which were given in the Freshman and Sophorome classes for the highest grades in their respective classes, were won by Livingston Cloman, Freshman, and Miss Dorothea Marx Sophomore.

A special prize for English for work in English composition, was won by Miss Lola Chatfield.

CHRISTMAS SEALS ON SALE AT THE NUGGET OFFICE

We are happy to say that you can obtain Christmas seals at The Nugget office. The funds derived from the sale of these seals goes to help stamp out the white plague which is certainly a worthy objective and we strongly urge all who can to avail themselves of this opportunity of helping to maintain the high standard heretofore available to suffering humanity. The P. T. A. are the sponsors in the sale of Christmas seals.

POP WARNER RESIGNS

A radiogram this morning states that "Pop" Warner, famous football coach at Stanford University has resigned and that Ernie Nevers will be his successor.

ROAD TO BE BUILT TO EMPIRE RANCH COUNTRY

Some weeks ago the Nugget published a piece about the Forest Service building a road into the Empire Ranch and Lavezzola properties about six miles northeast of Downieville. Later we had to contradict that story for the appropriations to be devoted to that work were taken away from the Downieville district and given to the Forest Hill section because of the acute unemployment situation in Placer county.

Last week word was received by the Tahoe Forest Service office in this city that $10,000 will be appropriated to the Downieville road building project by the government.

The building of the Empire Ranch road will fill a long need in Sierra county. Ever since the early fifties miners have snaked heavy machinery, lumber, pipe, mining equipment and building material of all discriptions over a narrow trail into the gravel mining district northeast of Downieville. Whole houses have been built by hauling the building material by pack animals into that country.

The Empire Ranch is owned by Joseph McCullough of North San Juan. Of late several interested parties have been examining the 150 acre property with the hydraulicing possibilities as their aim. In the old days plenty of gold was taken out of that country.

At this time there are several mines operating on a small scale between the Empire Ranch and Downieville.

The Lavezzola Ranch is a mile further out than the Empire Ranch and is owned by Tony Lavezzola, proprietor of the hotel in Downieville.

Several weeks ago, lumber torn from buildings and a 50" circular saw were stolen and carted 5 miles out to Downieville along the trail from the Empire Ranch. McCullough made the trip to his ranch the following day and discovered the loss. How the thieves ever made good their get away remains a mystery.

The building of a road into the heavily wooded district will greatly help fire fighting crews if needed there.

FOREST SERVICE EXTENDS FIRE SEASON TO DEC. 1

CAMPTONVILLE, Nov 28.—District Ranger, Frank W. Meggers, in charge of the local Forest Service office, has had to make an announcement, calling attention to the fact the government forest rules had been changed, making the fire season one month longer to December 1st, instead of November 1st, as a date when light burning and brush burning could be done. The unusual dryness this late in the season has been very deceiving, a fire burning with almost as much ferocity as in the summer months. Three fires have taken place in this section during the last month, due to brush fires getting beyond control of the person starting them, as well as other fires in the neighboring districts. In future the department will not permit a brush fire prior to December 1st, without a written government permit.

Newmont Company Executive Now Here From New York

Coming from New York, Fred Searles, Jr., Vice President of the Newmont Company, is to remain here for several days on business matters in Nevada City. The Newmont Company owns and operates the Murchie mine, the North Star mine, the Empire mine and other properties in this district.

For the past few days Mr. Searles has been opening up the Zeibright mine, a quartz proposition in Bear Valley. Prospecting and sampling work has been in progress at the Zeibright for the past two months under the direction of Elsworth Bennetts. Elsworth Bennetts is a brother to Clayton Bennetts, Mine Superintendent of the 16 to 1 mine.

ANOTHER SCOTCHMAN ARRIVES

Born—To Mr. and Mrs. Robert McAfee, of Nevada City, a seven pound boy, November 27th. Mother and son are both in good health.

San Francisco —Consolidation of Pacific Public Service Company with Pacific Gas and Electric Company has been granted.

Important Meeting on Compensation Insurance

Takes Part in Discussion

Assemblyman Mayo

Meeting at Sacramento With Governor Rolph Gives Promise of Results

HEAD OF DEPARTMENT GRILLED BY GOVERNOR

Leading Part is Taken by Men From Nevada City and Grass Valley

Governor Rolph put the State Compensation Insurance Fund, the Industrial Accident Commission and the Inspectors Rating Bureau "on the mat" at the meeting called for the purpose of discussing compensation insurance as it affects mining. For the first time in the history of the state a real concerted effort has been made to stop the rising cost of insurance, which has reached the point where it is strangling the mining industry.

Credit for Friday's meeting is due almost entirely to Mayor Brock of Grass Valley, who inspired the meeting and assisted the governor in making arrangements.

The Nevada City-Grass Valley section predominated the meeting. Arthur Foote of Grass Valley gave one of the outstanding talks. Mr. Foote has given considerable thought and study to the subject and was able in his talk Friday to give not only the faults of the present method of handling compensation insurance, but also to suggest remedies.

Governor Rolph immediately asked Mr. Foote to draft bills along the lines suggested. Later, however, it was decided to appoint a committee to work with Foote. The committee which was at first seven in number, was raised to fifteen. Ten members are mining men, five of whom are from Grass Valley and vicinity, and are: Arthur Foote, Mayor Brock, George Starr, H. R. Plate, and C. E. Crampton. Two members of the committee represent insurance companies, two labor, and one the state chamber of commerce, which has been making an extensive study of compensation insurance.

Walter W. Bradley, state mineralogist, is to act as secretary ex-officio of the committee. Mr. Bradley was one of the early speakers at the Friday meeting. The governor seems pleased with Mr. Bradley's work in the mining department and there is no doubt but that he will be retained in his office.

Charles L. Gilmore, of Sacramento, who has worked on the subject for many months as chairman of a committee from the Mining Association of California, submitted to the governor a comprehensive report which was read by Mrs. Gilmore, as Mr. Gilmore was unable ot be present. Mr. Gilmore was made a member of the committee to draft the bills.

Others called upon to speak were several legislators, including Jesse M. Mayo, the newly elected assemblyman from this district. Mr. Mayo has also gone deeply into the subject and is anxious to serve his district, of which mining is the chief industry.

The bombardment, however, was reserved for the afternoon session, when the governor called one after the other of the men connected in any way with the insurance department of the state. Frank J. Creede, manager of the State Compensation Insurance Fund, was the main target. He confessed that the mining rate was too high and that it should be 6 per cent, and that 3 per cent was within the realm of possibility.

The governor, at the conclusion of Mr. Creede's talk, said, "Can you give these people the assurance that the rate will be lowered?"

"No, your honor, I can't."

"Then, what do you mean by saying that the rate could be three per cent?"

The governor also took exception to the fact that the fund had $1,700,000 surplus in the state treasury lying idle while the rate was constantly mounting. He also asked why the rate should have been raised in his administration by appointees of former governors.

Will French, industrial accident commissioner ,and Frank Chouen of the Inspection Rating Bureau, were

(Continued on page four)

TRUE GRIT MINE SOON TO BE IN OPERATION

Camptonville, Dec. 2.—Word has recently been received here that the Oregon Creek company, a Sacramento corporation which last spring took over the True Grit mining property, located nine miles north of here, and owned by John C. Donnelly of Oakland, work on which property has been stopped for the past month and a half, has furmulated plans for the continuation of work at this time.

The True Grit is an old time gravel property representing a large deposit of virgin gravel which shows very good values. The company started to do development work last summer, put in a pumping plant and pipe line from Orgeon Creek and forced the water to the monitors in this style a revolution in hydraulic mining.

The expreminet is said to have worked well, and the company now plans the replacement of the gas engines by electric motors with which to pump the water. Power is to be furnished by the Pacific Gas and Electric company, which it is understood plans to tap their Alleghany line in the vicinity of Plum Valley.

Mrs. O. A. Johnson of Sacramento is president of the corporation and other prominent Sacramento business people are connected with the enterprise.

CAMPTONVILLE GARAGE IS HEADLIGHT STATION

CAMPTONVILLE, Nov. 29.—The Department of Motor Vehicles, has designated and appointed the Lang Garage, as the Official Headlight Station No. 403, for testing and adjusting headlights in this section, both Mr. Lang and his mechanic, having received certificates of proficiency in this work. This is the only headlight station north of Nevada City, and will serve for all the mountain people, being considerable of convenience to them, and will work in co-operation with Traffic Officer A. J. Ponta, who has charge of all traffic work in Sierra and northern Yuba Counties.

POPULAR FAMILY WILL MOVE FROM NEVADA CITY THIS WEEK

Mr. and Mrs. George R. Schrader, will drive to Quincy early tomorrow. Mr. Schrader will return Wednesday before finally moving all belongings to his new home in Quincy. For the past eighteen months Nevada City has enjoyed the Schrader family. Many have expressed their sorrow upon learning that the popular family is moving away.

Mr. Schrader, who has been Junior Forester for the Tahoe National Forest Service with headquarters in this city, has been transferred to the Quincy office where he will work in the same capacity.

SOCIAL CLUB ENTERTAINS

Mrs. Kopp, entertained the Social Club Thursday afternoon. Bridge was played and a dainty luncheon served. Prizes were awarded Mrs. Lloyd Dudley, first; Mrs. Schreiber, consolation.

LET'S REMEMBER THE UNFORTUNATE

At this season of the year, the holiday season, when relatives are planning on reunions and visits, and happiness and good cheer should be the heritage of everyone, let's think of the less fortunate members of the community, on whom, for perhaps no fault of their own, the depression has visited with povery and want—and suffering.

Under the American scheme of individual initiative, which has its merits, and has been particularly advantageous in times of prosperity, there is no guarantee of sustenance for the person who is out of luck. He or she is largely dependent on charity and sometimes charity overlooks some one.

The Red Cross and other organizations are doing a great work. They should be supported. As we said during the World War, "let's give until it hurts." Surely it is nobler to give than to receive. There should be genuine pleasure in helping a person who is in want.

It has been said that "selfishness is the root of all evil," and we believe that is true. When human nature becomes more perfect there will be no want in the world, because altruism will take the place of egoism and no man will be happy or comfortable when he knows some one else is suffering. The evolution of civilization and the development of the altruistic sentiments in human nature, is a slow process, but everyone admires and applauds generosity. The selfish person is never popular and generally lives to pay dearly for having been selfish.

Every organization in Nevada City, which is trying to help those who are unfortunate should be supported wholeheartedly and willingly. Life is largely a matter of luck and the man who has plenty of everything has no reason to get the superiority complex. He should be thankful. Under the American system of doing things, it has been easy, in the past, for some men to make money. But there are people who have not taken advantage of their opportunities or who have been more generous than others and now find themselves in want. Also, there have been people who have been extravagant and wasteful. But, whatever the cause, let's all do our part in helping those who need help. We'll have more self respect for having done so.

FRENCH CORRAL

FRENCH CORRAL, Dec. 1.—At last a good rain brings joy to our hearts. If "Jack Frost" does not get too busy, it will be a boon to stock owners.

Thanksgiving, as usual, brought friends and relatives together to enjoy the great American turkey feast. In this way it was quietly enjoyed in this section. We all have much to be thankful for.

Mr. and Mrs. Edward Wilcoxon and children who live near Auburn, came to visit Mr. Wilcoxon's mother before Thanksgiving. His boys, who are big boys now, had to take part in some high school doings on Thanksgiving day.

Arthur O'Connor, who teaches in the San Rafael school, spent Thanksgiving with relatives at old family home in Birchville. Mr. O'Connor owns the O'Mara place which is one of the early day homes of the San Juan ridge and is located near the family home in Birchville. He has been making extensive improvements on this place.

Miss Loraine Anderson spent the week of Thanksgiving with friends in Sweetland and enjoyed visiting around with old friends and schoolmates of her mother, who in her girlhood was Miss Allie Newell, daughter of the late George B. Newell, one of the early pioneers of French Corral and Birchville. Mrs. Andrews is a native of Birchville, where her father was in the general merchandise business for many years. She resides in San Francisco and her daughter, Miss Loraine, is temporarily located in Grass Valley.

J. R. Haslett and sons, Elmore and Lloyd, returned Tuesday evening from their Thanksgiving visit to Mr. Haslett's daughter, Mrs. Glenn Orr, who resides near Clarksburg, below Sacramento, where Mr. Orr has charge of a large asparagus ranch.

Harry Browning came up from Browns Valley to spend Thanksgiving with his family.

Miss Frances Moulton of Sacramento and Mr. and Mrs. Lloyd Dudley of Nevada City, spent Thanksgiving with their parents, Mr. and Mrs. W. E. Moulton of French Corral.

Mrs. Jaynes, who spent Thanksgiving week with the family of her son, Al Jaynes, returned to her home near Camptonville Saturday.

Mr. and Mrs. H. Paynter and son Harold, returned to French Corral Wednesday, after spending a week in San Francisco.

Mr. and Mrs. A. Browning went to Forest Tuesday to attend the funeral of the late Walter Evans, who passed away at that place last Sunday.

Clyde Browning returned to his home after assisting W. P. Clerkin in driving cattle to the foothills.

Father O'Reilly celebrated mass in Birchville Sunday, Nov. 27th.

Miss Theresa O'Connor of Birchville, Mrs. J. W. Culver and Mrs. K. Sullivan of French Corral and Mrs. A. Kneebone of Bridgeport, all members of Parlor No. 70 N. D. G. W., with Mr. Kneebone as chauffeur, took a trip to Woodland Saturday to be in attendance at the meeting of the Woodland parlor Saturday evening, which was the occasion of Grand President Mrs. Anna M. Armstrong's oficial visit to her home parlor. Every moment was one of enjoyment for the visitors. The trip also was most delightful.

Through an oversight we omitted to mention the visit of Miss Elizabeth Allen to the San Juan ridge and her old home in Birchville and French Corral. Her many friends were happy to see her and she was equally glad to be with them.

LITTLE GIRL HAS BIRTHDAY PARTY

Little Carmen Hegarty, celebrated her fourth birthday, Sunday afternoon at the home of her grandmother, Mrs. Rose Hegarty.

About twenty little boys and girls attended the party and helped Carmen eat the delicious cake. Pink and blue was the color scheme that was chosen and carried out in the dining room.

Playing of games and story telling occupied the childrens' time until called to partake of refreshments.

NEWLY WEDS HAVE CHARIVARI FRIDAY

The members connected with the Forest Reserve here, gave an old-fashioned chivarari to Mr. and Mrs. Randall McCane on Piety Hill.

East Los Angeles—Louis Dawson opened body shop for Automobiles at 4782 Whittieir Blvd.

TODAY

(By Arthur Brisbane)

Walter Boothe, a courageous farm hand of Roanoke, Va., is dead after a long struggle. Injury to his spine made useless the nerve that gives to the muscles orders that cause breathing, rhythmic opening and closing of the lungs. For many days friends moved the younger man's arms up and down, producing artificial respiration, while he patiently and sorrowfully asked, "How long must I stay here," He knew that he must die.

Accident made this man's nerve controlling breathing muscles completely useless.

Often minor accidents or wrong posture of the body cause lesser but serious injury to nerves that come down the spine, from the brain, passing out through the vertebrae at the appointed place to do their work in the body.

Some doctors, but not many, appreciate the fact that health depends primarily on a full supply of nerve force, just as lights in a building depends on electric wring.—Taken from the Los Angeles Examiner, Sunday, May 15, 1927.

Arthur Brisbane in the above article has told you a wonderful truth. He said in very simple language that the cause of disease was due primarily to pressure upon nerves produced by a misplaced vertebrae. It does not make any difference if it is pressure upon the nerves supplying your lungs or your stomach, heart, kidneys or bowels, for any part of your body will become diseased if it does not receive a full supply of nerve force. You cannot properly operate your arm or leg on 50 per cent of nerve supply; neither can any other part of your body function as it should on less than a full amount of nerve energy. Remember this always ,your nerves must be free from pressure before you can enjoy good health.

There is only one kind of doctor that is properly trained to remove the pressure found on spinal nerves. When you go to a doctor make it known that you want something done for the Cause of your trouble, that you are tired of having the effects of that Cause treated. Operations and medicines are methods of treating the effects of some Cause. The Cause is always a nerve pressure that is robbing some part or organ of the very thing that it depends upon for its function. With the aid of a new Diagnostic Instrument I am using with wonderful success. I can show you just where you have nerve pressure and what organ or part of your body it is affecting. If I can't prove to you just what your trouble is without asking you a single question, I would not think of placing you under treatment.

The day will soon come when if you tell anyone you are taking medicine for some disease they will laugh at you. If there was any merit to medicine, then why is there not a specific medicine for a specific disease? Why will five different doctors give you five different kinds of medicine for the same disease. Have you ever given any thought about what you have just read? You should become more interested in what is Causing your trouble than in the effects of that Cause. My methods of treating are always with the Cause of disease. I have respectfully submitted the above for your careful consideration.

Make your appointment for better health now. Phone 144.

BOYS CONFERENCE AT PLACERVILLE DEC. 10-11

The Sixteenth Annual Older Boys' Conference will meet this year at Placerville on Saturday and Sunday, December 10 and 11. The Conference theme is. "The World Crisis and a High School Boy's Responsibility." The high schools from the counties of Butte, Yuba, Sutter, Colusa, Placer, El Dorado, Nevada, Amador, Calaveras, and Tuolume, will send delegates to Placerville.

Joe Flynn, of Placerville, will welcome the delegates at the opening session. Other boys on the program are: Wayne Grown, of Grass Valley; Donald Cox, of Jackson; Fred Onstott, of Gridley; Harry Longway, of Roseville; Bill Ball, of Wheatland; Van Hoppe of Sonora; Ben Sweeney, Nevada City; Wilfred Gomez, of San Andreas; Clarence Williard, of Placerville; Donald Mann, of Chico; Lee Crayton, of Colusa; and Wako Jaich, of Angels Camp.

The boys who will act as chairman for the different Conference groups are: Bill Alexander, of Wheatland; Herbert Winter, of Placerville ;and Gilbert Anderson, of Live Oak; Frank C. Coates, of Tuolumne; Everett Tyler, of Durham, and Howard Hatler of San Andreas.

Earl Adams, of Live Oak will be the Conference Song Leader. Rev. Lawrence Wilson, of the Pioneer Congregational Church of Sacramento, will give the address at the banquet, and also lead in the discussion for the tdult group, Saturday afternoon. The Adult group at the Conference will discuss the topic, "The Common Objective of the School and Church in Building Character." Mr. Frank Cummings, principal of the Chico high school, will lead in the discussion with Dr. Wilson.

This coference is under the auspices of the Northern California district Y. M. C. A., of which F. M. Duckles is executive secretary.

SODA WATER PLANT ONE OF THE FINEST

Nevada City is becoming a manufacturing town as well as a mining center.

Today in an exclusive interview with Mr. E. R. Stambaugh of the Nevada City Bottling Works, your correspondent found out that this strictly modern plant turns out thousands of cases of the finest soda water each year and that distribution is very nearly complete throughout this part of the country.

Mr. Stambaugh stated that only the finest ingredients goes into his products and people are quick to recognize quality.

We ourselves had the privilege of tasting some of this Nevada City made nectar of the gods and in all truth we can say that it is the finest we have ever tasted.

The moral of this story is that Nevada City is feeling the heart throb of a new era, the business men are coming to the realization that Nevada City is no longer a back in the hills town, but up and coming.

That spirit will take any town a long way toward prosperity, so again we say, let's all buy everything we can which is local made or sold.

LEGAL NOTICE

NOTICE OF SALE OF REAL AND PERSONAL PROPERTY

In the Superior Court of the State of California, in and for the County of Nevada.
No. 3074.
In the Matter of the Estate of Wilfred Abbott, Deceased.

NOTICE IS HEREBY GIVEN that pursuant to law, the undersigned, Richard A. Eddy, executor of the last Will and Testament of Wilfred Abbott, deceased, will sell at private sale, subject to confirmation by the above-entitled court, to the highest bidder for cash, lawful money of the United States of America, on or after two o'clock P. M., of Monday, the 19th day of December, 1932, at the law office of Nilon, Hennessy & Kelly, Number 232 Broad Street, Nevada City, California, all the right, title, interest and estate of said Wilfred Abbott at the time of his death, and all the right, title and interest that the said estate has, by operation of law or otherwise, acquired other than, or in addition to, that of said Wilfred Abbott at the time of his death, in and to those certain lots, pieces or parcels of land situate and being in the Township of Nevada, County of Nevada, State of California, and particularly described as follows, to-wit:

REAL ESTATE

Parcel No. 1: That certain lot, piece or parcel of land situate in the City of Nevada, County of Nevada, State of California, and bounded and described as follows, to-wit:

Commencing at the Northeast corner of Chas. Pinch's barn and running thence southwesterly 150 feet to a post standing on the south side line of the Gold Tunnel Mine; thence running northeasterly from said post 160 feet, more or less, to a post on the south line of said mine; thence easterly from said post 50 feet, more or less, to said northeast corner of said barn, the place of beginning; said premises being a portion of Lot No. 8, in Block No. 38, of said City, as designated on the official map thereof made by H. S. Bradley in 1869, and excepting and reserving therefrom that portion of said above-described lot heretofore conveyed to Mrs. Lavinia Pinch. Also, that certain parcel of land situate in Nevada Township, County and State aforesaid, bounded and described as follows: Commencing at a point on the Gold Tunnel East side line North 9 deg. West (Var. 18 deg. 30 min. East) 131.80 feet from a pine stump 32 inches in diameter standing in Abbott's lot and mentioned in the official field notes of the Gold Tunnel Quartz claim as follows: At 22.75 chains past a pine tree 16 inches in diameter to left and marked W T No. 2; thence following the McCauley front fence 65¾ deg. W. 73.40 feet; thence North 11 deg. 50 min. E. 153.60 feet to fence; thence S. 80 deg. E. 6.50 feet to the east side line of the Gold Tunnel Quartz Mine; htence S. 9 deg. E. following said Gold Tunnel east side line to the place of beginning, and being a portion of the Gold Tunnel Quartz Claim patented as part of and under the name of the California Consolidated Quartz Mine.

Parcel No. 2: That certain lot, piece or parcel of land situate in said County of Nevada, State of California, and described as follows:

Lying just north of Nevada City, in Nevada Township, and being a part of the Quigley lot, viz: A piece of land adjoining the land of E. Goodrich, being 282 feet long on one side and 221 feet on the other side. Commencing at the Northeast corner of the land hereby conveyed and running westerly 221 feet; thence running southerly 100 feet; thence running easterly 282 feet to a point; thence running northwesterly, at an angle, to the place of beginning; being the same property conveyed in that certain deed dated January 8, 1896, from Wm. M. Quigley and John D. Quigley to August Hoffman, recorded January 8, 1896, in Book 85 of Deeds, at page 110, records of Nevada county, California. Together with the improvements situate thereon.

Parcel No. 3: That certain lot, piece or parcel of land situate in said Nevada Township, Nevada county, California, described as follows:

Commencing at a point 132 feet northerly from the southwesterly corner of Lot 19, of block 9, as designated upon the official map of Nevada City; thence westerly along fence a distance of 70 feet to post or stake; thence northerly 40 feet to fence, being the northerly side line of the premises hereby conveyed; thence easterly along fence to the westerly line of Coyote street, and thence southerly along westerly line of said street, a distance of 50 feet to the place of beginning.

Also, that certain parcel of land described as follows: Being a portion of that certain tract of land heretofore conveyed by W. Quigley and wife to August Hoffman by deed dated January 8th, 1896, and now of record in Book 85, page 110, of Deeds, records of Nevada county, California, reference to which record is hereby made, bounded as follows: Commencing at the Northwest corner of the premises of lot formerly owned by Elizabeth Sigourney; thence North, 10 feet; thence East 200 feet on line parallel with the line of lot formerly owned by Elizabeth Sigourney; thence South 10 feet to line of lot of Sigourney; and thence Westerly along said line to the place of beginning, and being a tract of land 10 feet in width and 20 feet long. The above-described property and parcels being the said property and parcels deeded to said first party by Elizabeth Sigourney, et al., and August Hoffman, by deeds dated January 3rd, 1910, and March 20th, 1911, respectively. Together with the improvements thereon.

Personal Property

Household furniture, furnishings and fixtures, situate in said above-described premises;

Miscellaneous tools, machinery, etc., situate in said above-described premises.

Terms and Conditions of Sale: All bids must be in writing, and may be filed with the Clerk of the above-entitled court, or delivered to said executor personally, or to his attorney, F. T. Nilon, at Number 232 Broad street, Nevada City, California, at any time before the hour and day of sale. A deposit of ten per cent (10%) of the bid must accompany the same; balance of the purchase price is payable on confirmation of sale by said Superior Court. The executor reserves the right to reject any and all bids.

Dated: November 19th, 1932.
RICHARD A. EDDY,
Executor of the last Will and Testament of Wilfred Abbott, deceased.

FIRE GUARD FILLS TWO JOBS AT THE SAME TIME

CAMPTONVILLE, Nov. 28.—Fire Guard Richard McGrath, stationed at Pike county lookout station, near here, has the distinction of filling two offices at one time, lookout and fire guard. A few days ago, while scanning the horizon for smoke, with his watchful eye, McGrath spotted three fires. It being a time of the year when it is difficult to get hold of a ranger on a moments notice. He quickly left his post, hurried several mines through the mountains, to the scene of two of the fires, put them out single handed, then rounded up a crew to subdue the third, and he then hastened back to his telescope and was back on lookout duty again. That's efficiency and doing things.

Yreka—Toggery opened for business with Loren Barklow as the proprietor.

LOCAL HAPPENINGS

Mr. and Mrs. James Erway of this city, are both laid up with the flu.

Frank Dillon of Washington has been in town for the past few days.

W. J. Phelps of Washington, was a visitor in Nevada City Friday.

Mr. and Mrs. Robert Allen, spent the week end visiting in Sacramento.

Will Young and W. E. Hatch, of Nevada City, were business visitors in Chico last Friday.

Mrs. Fred Bitney and Mrs. Milo Davidovich of Grass Valley, were visitors in Nevada City Saturday.

F. E. Burkhart of Redwood City, was a business visitor in Nevada City over the week end.

Roy McNamara, of Tyler, was a business visitor in Nevada City Saturday.

Al Kelliher and H. B. Wright were visitors in Sacramento Saturday afternoon.

W. J. Tickell, who has been ill with influenza, is now able to be around again.

Doctor H. L. Jones, Chripractor of Grass Valley, passed through Nevada City, enroute to North San Juan, for a short stay.

Angelo Cozalio, who has been working at the Brush Creek mine in the Alleghany district, has returned to his home in Nevada City.

W. H. Hustler and Roy McNamara, came down Saturday for a visit in this city. They returned that night.

Don Carlos Billick, Nevada City mining engineer and assayer, inspected a quartz mine prospect north of this city Friday.

A great deal of preliminary activity is to be seen in progress around the Scott's Flat district gravel properties.

C. E. Clark, superintendent of the Relief Hill Mining Company, was a business visitor in Nevada City Friday.

Mr. and Mrs. Howard Penrose were recent visitors in Alleghany with Mr. and Mrs. Jack Howard.

The many friends of Mrs. Miles Coughlin will be pleased to learn that she is making a good recovery from a recent serious operation.

Mr. and Mrs. Joe Huy attended the funeral of his late bruther, John Huy, which was held in Oakland.

Fred Searles Jr., of New York, is here to remain several days. Mr. Searles is Vice President of the Newmont Company.

J. A. Norden, Manager of the Utah Apex, is at the National Hotel from Bingham Canyon, Utah. He expects to remain here for several days looking over the district.

Miss Elma Williams, trained nurse of Oakland, has returned home after spending a few days with her parents, Mr. and Mrs. J. Williams, of Nevada City.

F. L. Arbogast and his son, Emerson, of Oakland, were visitors in Nevada City Friday. The elder Arbogast is an attorney and was here on legal business.

Many trucks loaded with Christmas trees are going into the valley these days. Last Sunday there were several trucks passed through to the city markets.

Mr. and Mrs. A. Jutilla, of Tybo, Nevada, are recent arrivals in Nevada county. Mr. Jutilla, who was foreman of the Treadwell-Yukon property at Tybo, intends to locate in this district.

The North Star tailings, below Grass Valley were taken under option by interests representing Los Angeles capital last week. Prospecting and sampling work has been under way there of late.

James Bradley, mining man with offices in San Francisco, made a trip last Friday to the San Juan mine at North San Juan. It is understood that from there he would take an inspection trip to the Forest district.

Miss Ellen Curtis, of Sacramento, time keeper for the Sacramento Northern Railroad, visited her mother, Mrs. C. Muscardini, of Nevada City, the occasion being a birthday party for her sister, Mrs. Larson Henwood, of Berkeley.

Al Gracio is doing considerable alteration work on his home below Uncle Tom's cabin. Gracio has given an option on his mining property and is looking forward to considerable work being done there in the near future.

Ralph S. Lorimer, distributor for Atlas Imperial Diesel engines, LeRoi gasoline engines and other machinery in California and Nevada, made a business trip to this city Friday of last week. He conferred at length as to sales possibilities in this district with his representatives, Al Kelliher and Harold Wright.

Mr. and Mrs. John Rodda, Mr. and Mrs. William Rodda and baby daughter Norma Jean, left yesterday for Berkeley, after a three weeks vacationing in Nevada City. The Rodda brothers were very successful in their several quail hunts near here. They are planning to buy a small acreage nearby on which to build a summer home.

Many automobiles passed through Nevada City over the week end, going up into the hills. This section has great possibilities as a play ground for those seeking recreation and a change of scenery from the valley. It is just a short drive and the roads are in fine condition and many historic spots are to be found within a short distance from Nevada City.

Important Meeting on Compensation Insurance

Continued from page one

also given a chance to tell their story. A representative of labor told of his appreciation of the fact that throughout all the discussion there had not been one suggestion on the part of the mine owners to lower the benefits or in any way deprive the working men of any of their privileges.

All who attended were highly satisfied with the results and feel that it is a start in something being done in a concrete way towards lowering the cost of compensation insurance in the state.

Mr. Foote in his talk said that the mounting cost of Compensation Insurance was not due to an increase in the number of accidents in California as there have been no material changes over a period of 20 years, yet in the past ten years, the rate has more than doubled.

He said the chief cause for California high cost lay in the overhead which was 40.6 per cent in California, while in other states it was from 5 to 11 per cent. It is true that the additional money is rebated but only the larger compaines get the rebate.

He also attacked our fees paid to doctors and hospitals. He thought that a classification should be made of placer and underground mining. The fact that the insurance premium had to be paid a year in advance after worked a great hardship on men starting with limited capital.

WORLD WAR VETERAN PASSES IN BAY CITY

Jack Manseau, World War veteran, who is well known in Nevada City, died at the Letterman Hospital, in San Francisco, after months of suffering. Manseau served in France and then came back to San Francisco. Several months ago his health began to fail and death occurred Thursday.

The deceased veteran leaves his wife, the former Miss Ailene Maher of this city; one son, Jackie; his father and mother and one sister.

Geyserville — Weekly newspaper started here by Esther Hartz Travaglic and Eugene Travaglic.

Vallejo—New Sub-station of Vallejo Electric Light and Power Co. dedicated.

Calipatria—14 carloads melons shipped from Miller-Cummings packing shed, seven miles southeast of here.

Lincoln—Mrs. Marry Gordon and Mrs. Fred Leveque, took over Placer Grill in Placer Hotel.

Bids opened for construction of Waldo-Sausalito sector of the Redwood Highway to eliminate the dangerous Sausalito bottle-neck.

Bakersfield—Powell Stockton Investment Company, spudded in first well in Fruitvale field.
